PanskuraBanamali College (Autonomous)

M.Sc.1st Semester Examination 2022 (Online mode)

Subject :Computer Science Paper: COS-104

Paper Name :Software Engineering and Project Management

F.M. : 40 Time : 2 Hours

---

1. Answer any Four questions: 4*2=8

a. What is the need to learn Software Engineering concepts?
b. What is Software Development Life Cycle (SDLC) ?
c. What are the different types of model available in SDLC ?
d. Explain the role of a **Software** Project Manager?
e. What is ISO 9001 ?
f. What is white box testing?

2. Answer any Four questions: 4*4=16

a. Explain the different phase of classical waterfall model.
b. What is the importance of prototype in software development? Give example.
c. What is software requirement specification (SRS) ? Mention various type of SRS.
d. Write the characteristics of a good software design.
e. What is Data Flow Diagram(DFD)? Give example.
f. Explain Basic COCOMO model.

3. Answer any Two questions: 2*8=16

a. Assume that the size of an organic type software product has been estimated to be 64,000 lines of source code. Assume that the average salary of software engineers be 30,000/- per month. Determine the effort required to develop the software product and the nominal development time.(Where the values of a1=2.4, a2=1.05,b1=2.5,b2=0.38)
b. What are the characteristics of a good software engineer? What is risk management? 4+4
c. Write down short Note : 4+4

i. Software Quality
ii. Spiral Model
