Panskura Banamali College (Autonomous)

B.Sc.(H) 1st Semester Examination 2022 (Online mode)

Subject : Computer Science Paper: CC1T

Paper Name : Programming Fundamentals using C/C++

F.M. : 40 Time : 2 Hours

Answer any four questions : 4×10=40

1. What are pre-processor directives? Give any three differences between while statement and a Do- while statement in C? Write C statement to find maximum of two numbers using ternary operator. 2+3+5

2. Define the following (any five) 5×02=10

a. Algorithm
b. Flowchart .
c. C programming language.
d. Variable .
e. Constant.
f. Key Words .

3. Explain the different kinds of loops available in C with examples. Demonstrate the usage of a switch statement with an example. 5+5

4. Answer with appropriate way : 5*2

   a. What is array?
   b. What is pointer variable?
   c. What is the role of 'main()' function?
   d. What is class ?
   e. What is polymorphism?

5. Write difference between int and float datatype , cout and cin ,= and == ,#include<stdio.h> and #include<iostream.h> , c and c++. 5×02=10

6. Describe in brief with a diagram the c programming compilation process. 10
